§ 402.11 Volume discount.

(a) A volume rebate shall be granted to a shipper of downbound cargo or to a receiver of upbound cargo at the end of the 1995 navigation season after payment of the full toll specified in the schedule under the tariff in § 402.8 of this part if shipments of a particular commodity during 1995 exceed by a minimum of 25,000 tons the shipper's or receiver's highest tonnage for that particular commodity during 1991, 1992, 1993, or 1994 in the Seaway. Shippers will be qualified based upon the particular commodity loaded at their port of origin and receivers will be qualified based on the particular commodity unloaded at their port of destination. Shippers and receivers located within the Seaway will be qualified based on the total of their upbound and downbound shipments or receipts of

the particular commodity. Should a shipper or receiver of the same commodity qualify for a volume rebate, the rebate will be divided equally between the shipper and receiver.

(b) Volume rebates shall be granted only with respect to commodities whose shipper and receiver have shipped or received the subject commodity in the years 1991, 1992, 1993, and 1994 and have not been subject of a merger or take-over during 1991, 1992, 1993, 1994, or 1995.
